ABOUT ME

I am a certified Network Engineer (MTCNA, MTCRE) with practical experience since 2022 at Zaid bin Tsabit Nurul Jadid Islamic Boarding School. I manage and maintain the institution's network infrastructure, including MikroTik systems, routing, switching, firewalls, VPNs, and QoS. In addition, I work as a Computer & Network Engineering (TKJ) instructor at SMK Nurul Jadid, where I design hands-on lab materials and mentor students on projects and industry internships.

EDUCATION

Bachelor of Information Technology, Nurul Jadid University	2022-Now
SMK Nurul Jadid	2019-2022
MTS Nurul Islam Pandanarum	2017-2019
MI Nurul Islam Pandanarum	2012-2017

WORK EXPERIENCE

Zabitsa Nurul Jadid Islamic Boarding School

- Configure and maintain MikroTik devices (routing, NAT, firewall) and switches (VLANs, trunking).
- Manage network services: DHCP, DNS, IP address management, and gateways.
- Monitor network health and performance, and respond to network incidents.
- Manage access policies and firewall rules to ensure network security.

SMK Nurul Jadid

- I have been working as a Network Instructor since 2023 till now.

SKILLS

- Fluent in Indonesian and English.
- MikroTik Certified Network Associate.
- MikroTik Certified Routing Engineer.
- Server Administration.
- Web Programming Fundamental.
